&

Seco

the best or nothing

La gamma C series è in evoluzione e si arricchirà progressivamente di molte altre tipologie e misure!

Le frese in metallo duro integrale universali **Seco C Series** offrono flessibilità grazie alle geometrie per spallamento retto, sferiche, di sgrossatura e finitura, in applicazioni di contornatura, spianatura e taglio cave. Il rivestimento SIRON-A aumenta la durata degli utensili per applicazioni generiche fino al 30% ed è la prima scelta per acciai, ghisa e acciai inox.
